## DOT&E Oversight List

PROGRAM NOTES	
1	MAIS Program; no BLRIP report required.
2	Ballistic Missile Defense Program System elements are exempt from DoDI 5000.02 requirements until they transition to a Component. They are not exempt from Title 10 requirements.
3	Includes Programmable Air-Burst Munition (PABM)
4	3DELRR - add new programs: Armed Scout Helo (Army); Common Vertical Lift Support Platform (USAF); Hellfire (Army); Massive Ordnance Penetrator (USAF)
5	BMDS including the following sub-programs: Command, Control, Battle Management, and Communications (C2BMC), AEGIS BMD and SM-3 all Blocks, Ground Based Midcourse Defense Segment, Space Tracking and Surveillance System (STSS), Terminal High-Altitude Area Defense (THAAD), YAL-1 Airborne Laser (ABL)
6	LCS Life Fire oversight includes ship survivability and the lethality of the NLOS-LS, 57mm ammunition, and 30mm ammunition
7	LPD 17 Life Fire oversight includes ship survivability and the lethality of the 30mm ammunition
8	Testing of system under oversight will include analysis and evaluation of the contribution of supporting sub-systems.
9	DDG1000 Life Fire oversight includes ship survivability and the lethality of the LRLAP, 57mm and 30mm ammunition
10	Each affected platform must submit a TEMP to address integration of the armor into that system.
11	The KC-130J Live Fire program was begun post-production in coordination with the KC-130J PMO
12	Due to the unique nature of weaponizing this mostly logistics platform we are closely watching the specific challenges of the Harvest Hawk (HH) concept. HH should be contained in the KC-130J Navy section of Annual Report
